

#### CAT C

Controlled Airspace.

Air Traffic Control.

#### CAT B

Uncontrolled Airspace.

No Air Traffic Control.

#### CAT A

Segregated Airspace.

For drones ONLY.

Each CATEGORY is based on the RISK your flight may pose to other air users and people on the ground.

Pilot Licence, Certificate and Rating requirements change according to CATEGORY, AIRSPACE type, HEIGHT above ground and DISTANCE between the pilot and the drone.

You must get authorisation from the KCAA EVERY time you want to fly.
